TRAINS PASS UNDER HUDSON

New York, Feb. 25.—With interesting ceremonies and prominent participants, accompanied by the playing of bands and the cheering of thousands, the great steel tube under the Hudson river, connecting New Jersey and Manhattan Island, was formally opened to traffic today. On board the first train were Governor Hughes of New York, Governor Fort of New Jersey, the mayors of New York City, Hoboken and Jersey City, and the officials of the construction and rapid transit companies that have made the great undertaking an accomplished fact after a quarter of a century had elapsed since the project was first conceived.

The first train covered the distance of three and a quarter miles in less than fifteen minutes. Arriving at the Nineteenth street terminal of the tunnel system the distinguished participants in the dedication ceremonies repaired to Sherry's where an elaborate banquet was spread in further celebration of the important event.

ENJOYS VISIT.

Attorney General Hadley interviewed at Austin.

Austin, Feb. 25.—Attorney General Hadley of Missouri left for home and stated that he had a very enjoyable stay in Austin.

When asked as to what he thought of political situation in Texas, and particularly as to the fight for the office of attorney general, he said:

"I do not know that I should make any comment upon this situation. Still I am not surprised to find a fight is being made on Attorney General Davidson for re-election. He is simply meeting with the same experience that public officials always meet with who oppose the Standard Oil trust and other special interests that levy an unlawful tribute upon the people. Such interests always favor public officials whom they cannot control. It is said that Standard Oil trust and Mark Hanna

HERBERT S. HADLEY

once defeated an attorney general of Ohio for re-election because he had fought the Standard Oil trust, but I would be surprised to learn that a such a campaign could be successful in Texas."

What about the anti-trust litigation and what do you expect to be accomplished by it?

"The weakness of public side of this controversy is due to two causes: Lack of continuity of effort on the part of state officers, and lack of concert of action on the part of states. About the time a state official has the necessary experience to render efficient service to the people his term of office expires and he is succeeded by an inexperienced man. In my state the people kept my predecessor in office eight years because he showed a disposition to prosecute corporations for violation of our laws. This weakness on the public side of a controversy will always exist to a certain extent, but we are trying to secure by our National Association of Attorneys General a measure of co-operation among states. If every attorney general in the United States would work and work hard in prosecuting trusts a long step in advance would be accomplished in the solution of the trust question, otherwise process of correction must necessarily be a slow one, for special interests are tenacious and persistent in their efforts to retain unlawful advantages they have enjoyed in the past."

Awful Self Destruction.

Cleveland, O., Feb. 25.—Mrs. Augusta Strey, seventy-three years old, stood on a sidewalk, saturated her clothing with coal oil, applied a match and was fatally burned before the flames could be extinguished.

Horrible Method to Die.

Allentown, Pa., Feb. 25.—At Slatedale, near here, Miss Emma Fink saturated herself with coal oil, set herself on fire and burned to death.

Large Increase of Deposits.

Chicago, Feb. 25.—Deposits in local banks have increased \$47,000,000 in three months.

Full Pardon Asked.

St. Petersburg, Feb. 25.—General Stoessel has asked the czar for a full pardon.

OKLAHOMA CATTLEMEN

Enid, Okla., Feb. 25.—Cattlemen in all parts of Oklahoma, together with others from Texas, Colorado and other states, rounded up here today to take part in the annual convention of the Oklahoma association. The convention will be in session three days. The large attendance and the interesting programme combine to give promise of the most successful convention of its kind ever held in Oklahoma.

MARKED MAN.

It Is Thought Father Heinrich Was Doomed to Die.

Denver, Feb. 25.—In re-blessing St. Elizabeth's church, rendered necessary by the assassination at the altar on Sunday of Father Leo Heinrich by Gueseppe Alio, not only were prayers raised for the purification of the temple and protection of the edifice from any further desecration, but supplication also made on behalf of the assassin that he might be caused to repent of his rash deed. This most impressive ceremony was witnessed by but a few people. It consumed more than an hour, and at its conclusion Father Phillips announced St. Elizabeth's would again be open for service.

Most of the priests of the Roman Catholic church in this city believe Father Leo Heinrich was a marked man from the time he arrived in town last August or even before. The dead priest was stationed previously at Paterson, N. J., and it is believed he may have incurred the enmity of anarchists and that a plot was laid to kill him, perhaps prior to his leaving Paterson, but the machinery of the "Reds" failed to get into running order until Alio carried out their orders. A lady who witnessed the tragedy told a prominent priest that two weeks ago during early mass she saw two evil appearing men, one of whom she believed was the assassin, standing in an aisle of St. Elizabeth's church. They were conversing in a low tone, but she saw one man point to two priests who were in the sanctuary. The priests, one of whom was Father Leo Heinrich, were separated several feet, and the man who did the pointing directed his finger toward the latter, and remarked in a low tone, "that is the man." The lady thought it strange the two men should hold a conversation in the church, and this, together with their ruffian-like appearance made a deep impression upon her. When she saw the assassin running down the aisle Sunday she declares she immediately recognized him as the man to whom Father Leo Heinrich had been pointed out.

The police are working on a conspiracy theory, and hunting for two strange men, thought to have been accomplices of Alio.

The murderer, who is kept in jail at Colorado Springs, in order to prevent any attempt at lynching, denies that he belongs to any anarchistic body that wishes to murder the priests or there was any plot at the bottom of the shooting. "I did the killing on my own account and because I thought it would ease my mind," he declared. "I received no orders to kill the priest, I did it because I hate priests of all kinds."

That Father Leo Heinrich lived a life of severe austerity was evidenced by the discovery made by the undertaker when he prepared the body for burial. Next to the skin of the father was wrapped about the waist and upper arms heavy bands of linked steel chains and on each link was attached a hook, every one sharpened to a needle's point and in such fashion that each time the priest made a move it caused the hooks to pierce his flesh and remind him of the life and death of the Saviour, whose steps he struggled to follow. He never spoke to his clergy of his mode of penance.

Father Eusebius said no one in the monastery surmised the priest was undergoing such unusual and severe penance. His body and upper arms were calloused entirely, showing when the pain became deadened because of the toughened skin, he had taken a network of claws and adjusted them so the pain might come again with renewed force.

THOUGHT SUICIDE.

Miss Grace White Found Dead In a Room of a Hotel.

Chicago, Feb. 25.—Miss Grace White, twenty-eight years of age, whose home is believed to have been at Michigan City, Ind., was found dead in her room in a downtown hotel early Tuesday. It is thought the woman committed suicide. The police are searching for a young man by the name of W. F. Cosgrove, whom they think can give some information concerning the young woman.

DESPERATE HART.

Kills Wife's Mother, Shoots Her Father and Lets Train Slay Him.

Lamar, Mo., Feb. 25.—Lee Hart, a coal heaver here, shot and killed Mrs. Joseph Edwards, his mother-in-law, shot and seriously wounded the latter's husband and then committed suicide by lying across a track and letting a St. Louis and San Francisco fast express run over his body.

The world wants to be reformed all
right, but not in too big a hurry.

The Auditorium where the Demo-
cratic National convention will meet
in Denver will be a full mile from the
nearest bar where liquid refreshments
are sold.

The newspaper correspondent who
sent out the report that the peavine is
reappearing on western ranges don't
know that country. The peavine has
been there all the time.

One of two things is capable of a
mathematical demonstration: The re-
ports of slaughtered Moors are exag-
gerated or that once numerous and
powerful people is almost extinct.

There was a sensation in a Chicago
telephone exchange when it was dis-
covered that one of the "hello girls"
was a young man in disguise. He was
summarily discharged followed by the
indignant exclamations of his co-
workers.

The Bacon bill, now attracting so
much attention in congress, is not to
regulate the manufacture, sale or con-
sumption of the salted and smoked
flesh of the hog, but pertains solely to
earthenware jugs and their contents
shipped into "dry" states, counties or
districts.

The largest rubber factory in the
United States is to be erected at Al-
pine and it is announced that work
will begin within sixty days. The Big
Bend Manufacturing Company which
is promoting the enterprise, has pur-
chased all the gayule on State lands,
paying \$61,000 for it.

In order to give mothers a chance
to attend the services a Chicago pastor
has converted one of the parlors in his
church into a nursery provided with
nursing bottles and everything that
babies need to keep them quiet while
their mothers are listening to the ser-
mon. The nursery is presided over by
young women who work in relays tak-
ing care of the babies.

If the country had been in a con-
dition similar to that which existed
in '73 and '93, the late panic would
probably have been the most disas-
trous in American history. The sav-
ing feature of the situation was that
the masses of the people were free
from debt. Already the skies are
bright with the sunrise of a new era
of prosperity and the panic will soon
be a memory.

Hall in the afternoon at 3 o'clock.

the attendance of the public. The

Just imagine a system of macademi-
zed roads radiating from Bryan and
branching so far as to reach the heart
of every neighborhood in Brazos coun-
ty. And this delightful picture of the
imagination might be made a reality
in a few years if the farmers, the busi-
ness men and the city and county
would each do their part. Here
is a promising field for a good roads
evangelist.

Mr. Bryan is growing stouter and
shows his age, but he has lost none of
his tremendous force as an orator. Mr.
Bryan probably has been heard by
more people than any other orator of
his race. His recent speech in Car-
negie hall, New York, was declared by
his hearers and commented on by
the press generally as the most effec-
tive appeal he had ever made for a re-
turn to the political and economic in-
tegrity of the founders of the nation.

The mosquito has been tried, found
guilty and condemned for propagating
malaria, yellow fever, dengue, and ele-
phantiasis, and is now on trial for
transmitting leprosy, with the pros-
pects good for conviction. Such an
enemy of the human race ought not
to be allowed to live. If the people re-
alized the extent of the misery caused
by this pestilent insect every man,
woman and child would clamor for
her extermination. We say "her" be-
cause it is the female hexapod that
does the mischief.

CUT IN TWO BY TRAIN.

Young Negro was Horribly Mangled
on the H. & T. C. North of Town
Yesterday Morning.

The body of a young negro, about
eighteen years old, lay at the under-
taking establishment of James & Nunn
during the day yesterday for identifi-
cation, and was seen by many white
people and large crowds of negroes,
but apparently no one knew the un-
fortunate until the afternoon.

The boy was, it appears, lying on the
track of the H. & T. C. at a point
about a mile and a half north of town
yesterday morning and was run over
and cut in two by a southbound
freight train. On discovering the ac-
cident the train men came to town
and made it known to the authorities.
Justice McGee being ill, County At-
torney Bethea went to the scene, ac-
companied by C. E. Boyett, Deputy
Marshal Shelburne and J. W. Batts.
Mr. Bethea took notes relating to the
accident and the body was turned over
to James & Nunn.

It appears that the boy was seen at
the oil mill yesterday morning and was
apparently all right at that time, but
that when struck by the train he was
lying on the track in such a manner
as to make it difficult to tell what the
object was, and that he paid no atten-
tion to signals, while the train was ap-
proaching down grade. The body was
cut in two just below the ribs.

Later yesterday afternoon the body
was identified as that of Orange Hil-
lard. While the identification was not
positive, it is sufficiently clear to be
convincing and the Eagle undertakes
relatives will come for the body today.
The Hillard boy is said to be partial-
ly demented and has something like
fits, and was probably in one of these
when he was run over and killed. It
is said that he was at the house of his
brother in this city yesterday morning.

"Health Coffee" is really the closest imitation ever yet produced. This, the finest coffee substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. Not a grain of real coffee in it either. Health Coffee is made from pure toasted cereals, with malt, nuts, etc. Really it would fool an expert—who might drink it for coffee. No twenty or thirty minutes boiling. "Made in a minute" says the doctor. Sold by Jno. M. Lawrence & Co.

WATCHMAN OVERPOWERED.

Six Masked Men Tackle Him and Then Blew Open Steel Safe.

New Orleans, Feb. 25.—Six masked robbers overpowered the night watchman at the plant of the Lee Lumber company at Tioga, near here, at an early hour Tuesday, and after securing the man, blew open the large steel safe in the company's office. It is not known exactly how much money the robbers got, but they took all the valuables in the safe, including several gold watches and gold chains and number of checks. Sheriff David and posse started in pursuit of the thieves.

Due to Grief.

Little Rock, Feb. 25.—Grief over the death a year ago of her husband caused Mrs. Anna Augusta Schnable to suicide.

MR. SAM R. HENDERSON DEAD.

Oldest Member Brazos County Bar, Former Representative and High Degree Mason Gone.

As briefly announced in the Eagle yesterday, Mr. Sam R. Henderson breathed his last at his home in this city yesterday morning at 3 o'clock, in the presence of members of the family and friends. He had been in failing health for some months and confined to his home for ten days or two weeks, but his illness had not assumed its critical phase until some three days ago, and even after that time it was hoped that he would rally from the attack. His death was therefore a surprise to many and a deep sorrow to all.

Samuel Red Henderson was born at Old Washington Washington county, Texas, August 19, 1854, and was accordingly in his fifty-fifth year. He was the son of Thomas J. and Harriet Red Henderson, and was educated at the Texas Military Institute at Austin and Baylor University, and received his training for the legal profession at Cumberland University of Lebanon, Tenn. Mr. Henderson located in Bryan about 1875, and was the oldest member of the Brazos County Bar at the time of his death. He has been prominently associated with leading members of the bar in partnerships, and has had a part in a great deal of the important litigation for many years.

He has always taken an active interest in politics, and was frequently trusted with leadership. He was intrepid and fearless, yet withal kind and genial, and loved the companionship of his fellows. He served with distinction as a member of the Twenty-sixth legislature, and so far as we have been able to learn was never a candidate for any other office. Mr. Henderson was a member of the Baptist church, a Mason, Knight Templar and Shriner.

Mr. Henderson was first married to Miss Katie Law, daughter of the late Dr. F. M. Law, in 1879. Of this union five children, all of whom survive, were born, Mrs. A. M. Ferguson of McKinney, F. Law Henderson of San Antonio, Thos. S. Henderson of Richmond, Va., and Misses Katie and Winnie Henderson, students of the State University. The wife and mother died in 1895. Mr. Henderson was again married in 1901 to Miss Mary Roberts of Independence, Texas, who survives him. He also leaves one brother, Hon. T. S. Henderson of Cameron, and four sisters, Mrs. Geo. L. Chandler of Anderson, Mrs. T. C. Fowler of Lampasas, Mrs. J. W. Rodes of Navasota, and Miss Ada Henderson of Cameron. Mr. Henderson was a brother to the late Judge Jno. N. Henderson, whose death at his home in Dallas two months ago, brought sorrow to the hearts of the people of Texas.

The funeral was held at the family home in this city yesterday afternoon at 4:30 o'clock, under the auspices of Brazos Union Lodge No. 129, A. F. and A. M., members of Ivanhoe Commandery No. 8, Knights Templar, acting as escort. The religious service was conducted by Dr. Geo. B. Butler, pastor of the Baptist church, and Dr. J. D. West, pastor of the Presbyterian church.

A good man, and one who loved and served his fellow men, has gone. He laid down the burden of an industrious and useful life at the very brink of the grave, and passed out into eternity with a smile of peace and rest upon his placid face that bespoke a consciousness of duty well performed.

THIRTY HURT.

Mishap to Excursion Train Is Quite Serious.

Laredo, Tex., Feb. 25.—At Orville, twelve miles south of here, an excursion train carrying a number of northern tourists was derailed. Several cars were thrown from the track and piled up in a ditch. The Pullman cars, however, remained on the track. The excursionists of chiefly from Toledo, O. The first report gave rise to the rumor that the wrecked train was the special on which John W. Gates, the capitalist, had been traveling through the south. It is learned, however, the John W. Gates party arrived at Beaumont Monday night. In addition to the Toledo people on the wrecked train there were a number of passengers from Chicago and San Antonio. The derailment is said to have been caused by a broken axle on the locomotive. The injured are said to number thirty.

CONNECTED BY TUBES.

Tunnel and Subway System Opened by President Pressing a Button.

New York, Feb. 25.—The tunnel and subway system connecting Hoboken with New York City by tubes under the Hudson river, was formally opened Tuesday when President Roosevelt pressed a button at Washington, thus starting an official train from New York to Hoboken. The train carried the governors of New York and New Jersey and officials to the new station, Delaware, Lackawanna and Western railroad in Hoboken, where exercises were held in celebration of the beginning of operation of the new system. There was a letter from President Roosevelt read and speeches delivered by the two governors and several city officials.

DECISION AFFIRMED.

Carries With It Enforcement of Imprisonment For Five Years.

New Orleans, Feb. 25.—The United States court of appeals has affirmed the decision of the lower court in the case of John C. Lowdon and Otto W. Steffens, plaintiffs in error, vs. United States, from the Northern district of Texas. The decision carries with it confirmation of the lower court's decree in sentencing the men to five years' imprisonment for embezzlement of national bank's funds from a bank at Abilene, Tex.

All the Gold
IN GEORGIA
Could not Buy-
 Roding, Ga. August 27, 1906.
 Messrs. E. C. DeWitt & Co.,
 Chicago, Ills.
 Gentlemen:—
 In 1897 I had a disease of the stomach
 and bowels. Some physicians told me it was
 Dyspepsia, some Consumption of the Lungs,
 others said consumption of the Bowels. One
 physician said I would not live until Spring,
 and for four long years I existed on a little
 boiled milk, soda biscuits, doctors' prescrip-
 tions and Dyspepsia remedies that flooded
 the market. I could not digest anything
 I ate, and in the Spring 1905 I picked up
 one of your Almanacs as a poor emaciated
 man from that bottle ALL THE GOLD IN
 GEORGIA COULD NOT BUY. I kept on
 taking it and in two months I went back to
 my work, as a machinist, and in three months
 I was well and hearty. I still use a little oc-
 casionally as I find it a fine blood purifier
 and a good tonic.
 May you live long and prosper.
 Yours very truly,
 C. N. CORNELL.

 Stomach trouble is but a symptom of, and not
 in itself a true disease. We think of Dyspepsia,
 Heartburn, and indigestion as real diseases, yet
 they are symptoms only of a certain specific
 nerve sickness—nothing else.
 It was this fact that first correctly led Dr. Shoop
 in the creation of that now very popular Stomach
 Remedy—Dr. Shoop's Restorative. Going direct
 to the stomach nerves, alone brought that success
 and favor to Dr. Shoop and his Restorative. With-
 out that original and highly vital principle, no
 such lasting accomplishments were ever to be had,
 such lasting relief, bloating, biliousness, bad
 breath and sallow complexion, try Dr. Shoop's
 Restorative—Tablets or Liquid—and see for your-
 self what it can and will do. We sell and cheer-
 fully recommend.

Assassination Thought Originat-
ed In Serbia.
IT OCCURS NEAR CHICAGO
 Rutz Dushia Has a Quarrel With a
 Father and Son, They Seize Him and
 Use Knives With Such Fearful Effect
 That His Life Is Taken.
 Chicago, Feb. 25.—During a quarrel
 that the police believe started in Ser-
 via, Rutz Dushia was stabbed to death
 at Indiana Harbor. Zino Nelozad and
 his son, Morsket, were arrested charg-
 ed with murder. Dushia arrived from
 St. Louis Monday. He inquired for
 Nelozad's home and afterwards the
 father and son with Dushia were seen
 in a saloon. They were noticed talking
 earnestly together and soon left the
 place.
 Monday night the men were heard
 quarreling on the street. Suddenly
 Dushia was seized by the two men,
 who attacked him with their knives.
 When Dushia fell to the street the two
 others carried him a block away. A
 few minutes later they returned bear-
 ing the body, which they laid in the
 same place their victim had fallen.
 Nelozad and his son disappeared,
 no one daring to stop them. Later the
 father was arrested in East Chicago
 and the son in West Hammond. They
 admitted they had known Dushia in
 Serbia.

NEGRO KILLS BR9KEMAN.
 Murderer Cut Several Times by One
 of His Race, but Escapes.
 Natchez, Miss., Feb. 25.—Robert
 Yiretzsky, a young white flagman on
 the Yazoo and Mississippi Valley Rail-
 road, died of a pistol shot wound in-
 flicted by Charles Moor, alias Moody,
 a negro section-hand on a train at Fos-
 ter's Mound, six miles from Natchez.
 Sheriff Clarke with a posse has been
 scouring the woods for thirty-six hours
 for the murderer.
 The shooting was unprovoked. The
 negro was creating a disturbance in
 the negro coach. When Yiretzsky told
 him to give up his pistol until he got
 off the train. The negro replied: "I
 don't give up my gun to no man," and
 fired from his hip pocket. Yiretzsky
 fell to the floor mortally wounded and
 the negro stepped over his body to
 leave the car. An old negro passenger
 cut the murderer several times as he
 was leaving the coach, and it is
 thought a fatal wound.

SEWED UP AND WHIPPED.
 Booze Fighter's Wife Believes That
 She Has Cured Her Husband.
 Geyrie, Ia., Feb. 25.—Mrs. Ivan Old-
 grey declares she has the gold cure
 for booze fighters beaten to death, and
 points to her husband, who, although
 black and blue from head to foot, in-
 sists that his thirst for liquor is en-
 tirely gone.
 Exasperated over his incessant
 spreeing, Mrs. Oldgrey sewed her hus-
 band between the folds of two bed
 blankets while he was sleeping off a
 "jag," and then with a horsewhip be-
 labored his helpless form until he begged
 for mercy and promised to sign a
 pledge as soon as he was released.
 Mrs. Oldgrey expresses faith that
 Ivan will keep his promise.

WHOLESALE SLASHING.
 Four Men Perhaps Fatally Stabbed.
 Fifteen Others Severely Cut.
 Chicago, Feb. 25.—Four men were
 stabbed in a manner that is likely to
 prove fatal, fifteen others, including a
 policeman, were severely cut and sev-
 eral others slightly injured in a riot
 between two factions of Polish cele-
 brators early Tuesday. The fight
 marked the end of the festivities in
 the saloon of Joseph Kuea, 73 Front
 street.
 The conflict had its origin in an old
 controversy between two factions of
 Poles and a free for all fight, in which
 knives, beer bottles, chairs and tables
 were used, followed several quarrels
 which occurred early in the evening.
 The men who will probably die are
 James Grimm, John Lubetzki, John
 Wadaya, brother of the bride, and
 Stanley Wudasek. All these men were
 fightingly cut, the lips and ears of
 Wadaya being slashed off. Policeman
 John McDonough, who was detailed
 at the wedding, was cut on his hands
 and his uniform ripped to pieces.
 A riot call was sent in and a strong
 force of police sent to the saloon,
 where, after a severe fight, they suc-
 ceeded in arresting twenty rioters.
 After being taken to the police station,
 John Wadaya attempted to kill Stanley
 Wudasek, who fainted from loss of
 blood. Wadaya, however, fainted while
 struggling with two policemen.
 The bride and groom were locked in
 a cell, but released.

 Dallas, Feb. 25.—Rev. J. C. Russell,

 Washington, Feb. 24.—Brigadier
 General Rufus Saxton, retired, drop-
 ped dead here of heart disease. He
 entered the army from Massachusetts
 in 1855 as a first lieutenant of the
 Third artillery, received a congressional
 medal for bravery in the defense of
 Harper's Ferry, and was retired April
 23, 1904. General Saxton was born
 eighty-four years ago.

PAIN
 Pain in the head—pain anywhere, has its cause.
 Pain is congestion, pain is blood pressure—nothing
 else usually. At least, so says Dr. Shoop, and to
 prove it he has created a little pink tablet. That
 tablet—called Dr. Shoop's Headache Tablets—
 coaxes blood pressure away from pain centers.
 Its effect is charming, pleasantly delightful, gently,
 though safely, it surely equalizes the blood cir-
 culation.
 If you have a headache, it's blood pressure.
 If it's painful periods with women, same cause.
 If you are sleepless, restless, nervous, it's blood
 congestion—blood pressure. That surely is a
 certainty, for Dr. Shoop's Headache Tablets stop
 it in 20 minutes, and the tablets simply distribute
 the unnatural blood pressure.
 Bruise your finger, and doesn't it get red, and
 swell, and pain you? Of course it does. It's con-
 gestion, blood pressure. You'll find it where pain
 is—always. It's simply Common Sense.
 We sell at 25 cents, and cheerfully recommend
Dr. Shoop's
Headache
Tablets
